

**Savage** is a leader in providing worry-free service to chemical and petrochemical companies, railroads, power plants, fertilizer producers, mining operations, oil refiners, and other industrial customers. Savage has over 200 operating locations across North America and internationally.

With more than 75 years of experience, Savage is a trusted partner for moving and managing mission-critical materials. Savage specializes in rail, truck and marine transportation, logistics, materials handling, and other industrial services.

### **TRANSLOADING**

Transloading is a cost-effective and environmentally-friendly method to realize the benefits of rail freight without onsite rail access. Savage is an industry leader, operating nearly 50 transload terminals throughout North America. Savage specializes in safely handling a diverse range of chemicals, resins, fuels, food-grade products, and industrial commodities.

### **TRANSPORTATION**

Savage's experienced drivers safely deliver each load with worry-free consistency. Our modern fleet minimizes environmental impact and ensures reliable service. With a broad range of specialized equipment, we provide transportation solutions to meet your needs.

### **ANCILLARY SERVICES**

We offer many ancillary services at our terminals, including: railcar heating, sparging, blending/diluting, railcar storage, sampling, ground storage, railcar inspections, filtering, and packaging.

### **TECHNICAL SERVICES**

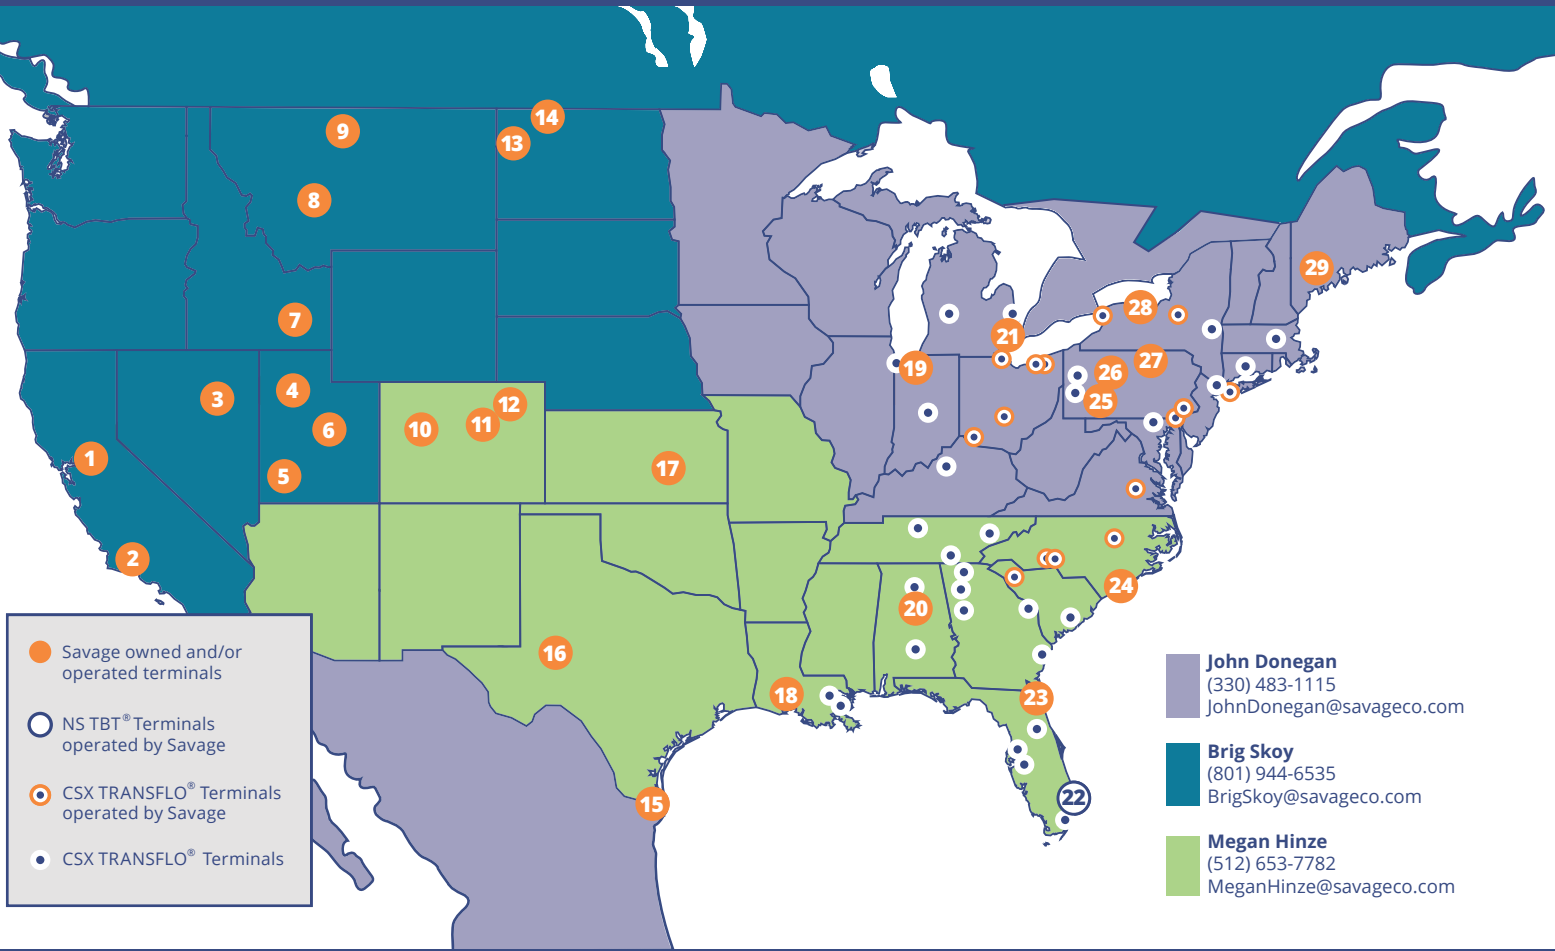

Our team of industry experts and engineers design and operate handling and processing systems that create value for you and solve your unique challenges.
